PROPRIETOR :- GIRISH LAVALEKAR

"Innovative welding machines, controllers, and
automation solutions"

ABOUT US:-

Maitri Automation, established in 2022, has quickly gained recognition as a leading manufacturer, wholesaler, and trader of high-quality welding solutions. We proudly offer a comprehensive range of products and services designed to meet the needs of various industries, providing our clients with reliable, cutting-edge technology.

Our Products and Services:

WELDING MACHINES:-

Maitri Automation brings you top-tier welding technology with our premium selection of Resistance, Spot, and Seam welding machines and Transformer Radiators Lines. Engineered for precision, efficiency, and durability, our machines ensure flawless welds, every time, making them ideal for both industrial and commercial applications.

WELDING CONTROLLERS AND AUTOMATION:-

Stay ahead of the competition with our advanced welding controllers and automation solutions. These innovative products streamline your welding processes, improving both productivity and quality. With intuitive controls and automation features, they help optimize every weld while maintaining consistent performance.

As your trusted partner, Maitri Automation is committed to delivering the best in welding technology, along with excellent customer service and technical support. Whether you're looking for the latest welding machines, controllers, or automation solutions, we're here to provide you with reliable, high-performance products tailored to your specific needs.
